10th March 2020

Dear Parent/Guardian,

As you may be aware organisations are currently contingency planning in light of Coronavirus/COVID-19. Consistent with the current national strategy for managing the spread of Coronavirus, Kerry ETB patron of Coláiste Gleann Lí is anticipating what may need to be done and has established a Coronavirus Response Team. This team is taking a short-term, medium-term and long-term approach to contingency planning. The situation is currently very fluid and liable to change on a day-to-day basis.

It is most important that any person who has any concerns, especially in relation to an underlying health condition contacts their own GP for appropriate advice.

As a risk mitigation measure in relation to the potential spread of the Coronavirus your co-operation with the following is being sought – if your child is travelling to one of the affected areas as identified on the HSE website (<https://www2.hse.ie/conditions/coronavirus/advice-for-people-returning-from-affected-areas.html>) in March or April please advise the School Principal. This information will be treated in the strictest confidence .

In all advice to date, there is an emphasis on personal responsibility to arrest the spread of the virus. This advice, issued by the Health Service Executive & Department of Foreign Affairs, has been well publicised over the last few weeks and should not be forgotten.

The relevant link to the HSE website, which is regularly updated, is as follows:
<https://www2.hse.ie/conditions/coronavirus/coronavirus.html>

The HSE helpline number is 1850 24 1850.

I would like to take this opportunity to thank you for your co-operation in relation to this matter.

Yours sincerely,

Principal
